

A pioneer in bringing Jewish learning to the Internet, Hebrew College has offered online courses since 1995. We launched the Internet's first MA in Jewish Studies in fall 2000; new in 2009 are online master's degrees in Jewish Education and Jewish Liberal Studies, and an EdD in Jewish Education Leadership, with Northeastern University. All online courses emulate the quality interaction that you find on campus and are backed by user-friendly technical support.

HEBREW COLLEGE SPRING 2010 ONLINE CLASSES

Orientation to Online Study at Hebrew College INTD 101

January 25–February 1, 2010
Mandatory for all students new to online courses

This short seminar will introduce students to all aspects of online study. The course will cover hardware, software, internet skills, course components and navigation, methods of interaction and virtual class discussion, scheduling and time considerations, library resources, and the Hebrew College help desk. Access to selected course(s) will become available once orientation is completed.
